

Eric Reichard

Scholarship Application for Technical Photography Majors

The Eric Reichard Scholarship is available to rising junior or senior full time (12 semester hours) students majoring in Technology Education or Drafting & Design with a minimum GPA of 3.25 overall.

Scholarship amount: One \$500 scholarship will be awarded during the Fall 2008 and Spring 2009 academic year.

Application Procedure: The applicants will be evaluated based on financial need, as well as their professional goals and academic accomplishments. Technology Education applicants must be admitted to the College of Education (part of the Technology Education program requirements). Eligible candidates' applications will be considered and the scholarship awarded by the Technology Scholarship Committee. The recipient will be notified by the Chair of the Committee.

Prepare a word processed one-page statement summarizing your professional goals and academic accomplishments. Applicants must present a verifiable need for financial support. A completed financial aid form must be on file with the office of financial aid. Complete and return the application form, one-page summary, and an up-to-date copy of your transcript to:

Dr. John R. Craft
